

SHAWNEE HOPES SUNK ON MUDDY GRIDIRON HERE

Ada High School Redeems
Respect of Fans Friday
In Decisive Game.

GRID CURTAIN FALLS

Capt. Cunning Writes Name
Among Local Honorables
By Two Touchdowns.

Shawnee was humbled; Ada won a great victory; Charles (Chuck) Cuning, captain and fullback of the Ada squad, made his last great run for a touchdown in his school. The high school game back.

All this was the result of the battle between Ada high and Shawnee high on the high school gridiron Friday afternoon, when Shawnee was trounced 12 to 0 by the "Big Reds."

For three cold, muddy quarters neither team could score. With the opening of the game, Ada had the advantage and made substantial gains on line smashing and end running, only to be stopped each time she neared the goal line. Shawnee managed to kick out of danger each time, after Ada had neared the goal twice. The ball was once within a few yards of the line, but the blue and white held. In the meantime Shawnee only once nosed the ball into Ada territory and that was on a punt.

The first quarter was Ada's, but the second quarter was Shawnee's. A running aerial attack, one of the strongest ever launched against the Ada team this season, was called into play by Shawnee and pass after pass was completed, all for good gains. Three times Shawnee almost reached the goal line in this period and three times she was hurried back. Shawnee was unable to put the ball in Ada territory in the first quarter but the second quarter was played in Ada territory altogether. On the defensive for the most part, not being able to break up the passing of the visitors, Ada fought hard and held them scoreless. The first half ended with no score being registered by either side.

Battle Through Water
Beginning in the third quarter, both teams muddy from head to foot and playing in mire ankle deep, began a desperate attempt to strike decisively. The third quarter was Shawnee's. In vain Ada tried to break up the forward passes of the blue and white, with the invaders' quarterback continually calling for more air bombardment. Each time the visitors neared the goal they were stopped. Once in the third quarter they were within two yards of the line but a disastrous fumble broke up a good chance to score. Ada was playing against the wind and could not kick out of danger and the playing was done in her territory. A provokingly slippery field and wind was a menace to her. Ada merely weathered out the third quarter, knowing her chance would come when she was given the advantage of the wind in the last quarter.

Shawnee had menaced Ada with forward passes. In the last round, Ada bearded the invaders in their own fortification. After Shawnee had continued her onslaught from the third to fourth quarters, trying three times for a field goal, Ada was given the ball on the 20 yard line. This was her first opportunity since the first period to launch an offensive. Midget McCoy, Ada quarterback called for a pass, McCoy to Cuning. The Ada Captain dashed through the line and nabbed the pass.

Racing down the field, Cuning shook off three white and blue men on the fifty yard line, hit them and was thrown six yards off his course but kept running with a clear field before him. The remaining fifty yards was a race, Cuning outstripping all opponents and crossing the line for a touchdown. This was the sensation of the game. Ada had won.

Continuing this terrible offensive, Ada again neared the goal line. Another pass from McCoy to Cuning was all that was needed and Cuning crossed the line for the second touchdown. On account of a wet ball and slippery field, Cuning could not kick goal. This offensive was further continued and Ada was again within striking distance of the goal line when the final whistle blew.

Short Passes Fail.
Shawnee completed a total of 18 out of 31 forward passes, while Ada completed 6 out of 16. Shawnee played for short passes and could not make substantial gains on account of the field. Ada tried long passes and each one counted. Heavy mud cleats, furnished the Ada men by Coach Cox proved an aid to the boys, keeping them on their feet with greater accuracy than did the low cleats of the invaders. Ada was held for downs more times than Shawnee, due to their efforts

(Continued on Page Three)

CLEVER MAGAZINE AGENTS GET RICH BOOTS OVER CITY

Beware of the insistent magazine peddler who insists on coming into your house and gazing fondly on the home-guarding firearms that hang on the wall.

This advice came Saturday morning from members of the sheriff's force as they prepared to leave overland for Sulphur to take into custody a clever pair of book-agents who are said to have made a rich haul by plying devious kinds of crookedness in Ada.

First complaints came several days ago when one family missed a pistol and some jewelry after the magazine salesman and his wife had made their call. Officers searched for the missing articles and found them in some weeds near the edge of the city.

The valuables were returned to the home of Norman Hatcher, from which they had been taken, but on the following night were restolen by the persistent thieves. One local man patronized the book agents and gave one a check for \$2. This was raised to \$20 and cashed. Other homes reported the loss of various articles after they had been solicited to buy magazines. Pistols seemed to predominate in the string of unusual thefts. Last night Sheriff Bob Duncan was informed that a man and his wife, believed to be the ones wanted here, had been captured at Sulphur together with a hand-bag and trunk containing a big amount of pistols, jewelry, and ladies' finery. They will be brought back to Ada for examination.

TWELVE PERSONS KILLED IN ARKANSAS STORM

(By the Associated Press)

LITTLE ROCK, Ark., Nov. 19.—Reports of 12 persons killed and approximately 25 injured were received here over crippled lines of communication today, following the storm of Thursday night, which created an unestimated amount of damage of property in the vicinity of Mena, Arkadelphia, Malvern and other points.

COLD LINGERING OVER ALL STATE

Bitter Weather Reported in
Many Counties With Zero
Temperature West.

(By the Associated Press)

OKLAHOMA CITY, Nov. 19.—The cold wave predicted for Oklahoma moved more slowly than expected by weather bureau officials and although temperatures were not as low over the state this morning as expected, they set a new minimum for the season, according to an announcement from the weather bureau here today. Continued cold is forecasted for tonight and Sunday, with temperatures of between 12 and 18 by morning in the north half of the state and between 18 and 24 in the southern portion.

Weather bureau officials said temperatures of between 10 and 16 degrees prevailed over the Panhandle section of the state this morning. Altus reported 19 degrees and Muskogee 22, while at Oklahoma City the minimum was 23 degrees. The high pressure area was reported as over Montana and west Dakotas, where below zero temperatures were recorded. Havre, Mont., reported 26 degrees below zero.

The storm in which rain fell over central and eastern Oklahoma was centered over the lake region today, according to bureau reports. Muskogee reported .61 inch of rain while at St. Louis the precipitation was three inches.

Freezing weather was reported as far south as Phoenix, Ariz., this morning. The first killing frost is recorded there in December ordinarily, weather officials said.

Francis Champs Take Basketball Contest From Tupelo School

FRANCIS, Nov. 19.—(Special)—The basketball season for the Francis high school opened here Friday night when the local quintet, state champions of last year, met and defeated Tupelo high school in a pre-season game 14-10. Francis men outplayed Tupelo in every phase of the game.

Five of last year's men are back with the team this year and many other promising men have turned out for practice. The team is being coached by W. K. Newcomb, former student of the Teacher's college and a player on the college team. The have another game to play on December 2 with the Allen high school.

Murphy and Patterson played guards, Rose center, and Willingham and Samson forwards for the team in last night's game. Stevens was substituted for Murphy.

A. C. Bryant, 21, Ada, and Miss Ruby Eldridge, 18, Ada.

JAPANESE PLAN UPON FAR EAST ALMOST READY

Nine Nations Center Gaze
On Oriental Situation as
Conference Goes On.

PROCESS SLOWS DOWN

Interchange of Views To
Make Interesting Phase
In Near Future.

(By the Associated Press)

WASHINGTON, Nov. 19.—A statement on behalf of Japanese on several questions relating to the far east was made at today's session of the conference committee on Pacific and far eastern affairs. It was arranged that a complete public statement would be issued later through the state department.

The delegates were in session two hours. It was announced that they would hold another meeting at 4 o'clock Monday.

The ten proposals submitted Thursday by the Chinese delegation, were explained, for the basis for the discussion at today's meeting, and all the delegates were understood to have expressed agreement at least in principle to the Chinese views.

Baron Shidehara, who represented the Japanese viewpoint, was said to have shown a friendly attitude towards the Chinese proposals and to have indicated no material objection Japan would have a proposed amendment agreed to on the far eastern and Pacific problems.

(By the Associated Press)

WASHINGTON, Nov. 19.—The precise attitude of Japan is becoming a more and more interesting point in the arms conference.

When delegations of the nine nations assembled again today to talk about the far east, it was Japan to whom they looked for a hint that would reveal just what trend is to be taken by the negotiations as they effect China.

In the same way, and perhaps with an interest more intense, the naval experts of the powers were pondering Japan's request for an increase in her proportionate naval strength, and were wondering whether she would raise a direct issue with the United States by proposing material changes in the ratio fixed in the American plan.

Interchanges with Tokyo during the two days' recess of the committee sessions were said to have provided the Japanese delegation with conservative information as to the viewpoint of their government, but there was no authoritative prediction of how far that the attitude would be revealed at the present stage in the far east negotiations. Some of the Japanese delegates seem to feel it would be better to develop their policy point by point.

All the national groups were ready to make a general decision of their opinions, but among them there was an apparent feeling that since China had presented a detailed bill, by rights the next word belonged to Japan because she was the nation most interested.

Naval Issue Aside.
The naval question remained, meantime, outside the realm of actual negotiations with the experts of the five powers worked independently to develop their national viewpoints, but it was a live subject in the minds of delegates and technical advisors, all of whom attached great importance to an announcement that the United States would stand determinedly against alteration of the basic ratio of her plan.

In the view of the American delegation the way to reduce is to reduce, scaling down from the existing naval strength without favoring any nation in proper. They insist that present proportions are the only possible basis for reduction, delegations contending that to make a debate of the subject of "national needs" and "national aspirations," rather than existing facts, would make the negotiations an endless tangle of argument.

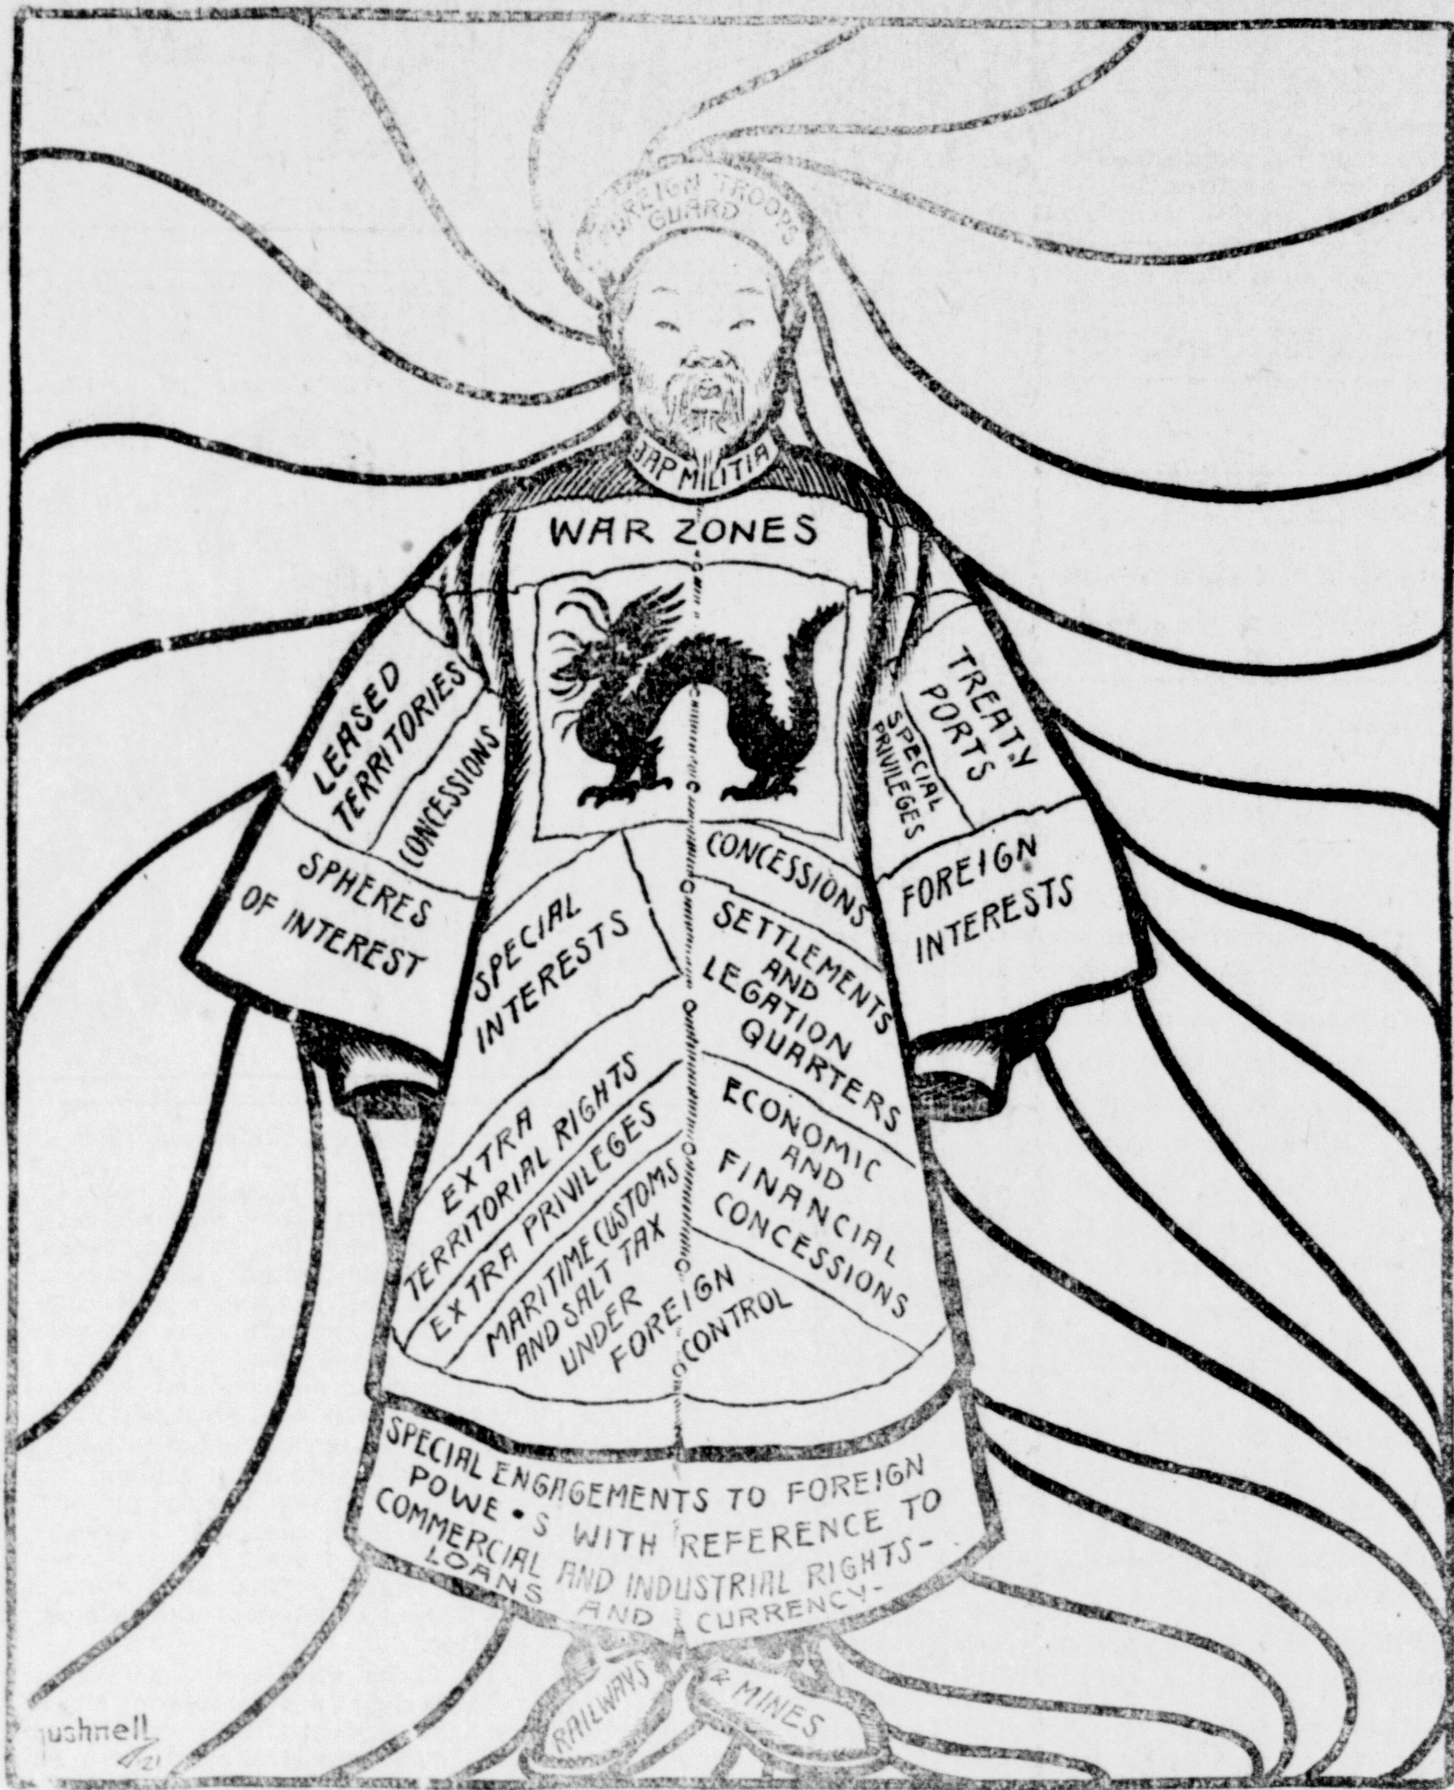

So if Japan means to suggest a material change in the fundamental American principles, so that she will have a different ratio after reducing than before, she is certain to meet with direct opposition from the American delegation. This government believes the present ratio is the proper one and the American naval advisors, at least, are counseling that if the ratio cannot be maintained by agreement, then it must be maintained by continuation of competitive building.

CROWDS THROG BACK TO ARBUCKLE'S TRIAL

(By the Associated Press)

SAN FRANCISCO, Nov. 19.—Introduction of evidence has revived lagging public interest in the manslaughter trial of Roscoe C. (Patty) Arbuckle. Opening testimony brought a large crowd, mostly women.

THE "CHINESE PUZZLE" COMES UP FIRST ON THE AGENDA OF THE WASHINGTON CONFERENCE

ARGUMENTS END IN BIG DAMAGE HEARING TODAY

\$30,000 Suit for Accident
Will Be in Jury's Hands
This Afternoon.

NO GROUND CONCEDED

Attorneys Finish Speeches
Ending Bitter Fight in
Railway Dispute.

Every indication pointed to a verdict today in the case of Mrs. Nettie Davis et al vs. the St. Louis & San Francisco railroad, involving damage claims of \$30,000, as lawyers were completing their arguments at 2:30 this afternoon. Not an inch of ground was conceded by either side during the entire progress of the trial. The hearing has lasted more than two days.

Arguments opened early in the forenoon today on a \$30,000 damage suit which Mrs. Nettie Davis or Shawnee, widow of George W. Davis who was killed instantly when a Frisco freight train struck a touring car late in September, 1920, in which the Davis family was going from Shawnee to Oklahoma City, is bringing against the St. Louis and San Francisco railway.

While the district court was in recess this morning, Judge J. W. Bolen prepared his instructions to the jury after both sides in the trial had rested, immediately after court had convened at its regular hour this morning. Arguments in the case were limited in order that the jury might start its consideration of the evidence at the earliest possible moment with the hopes that a verdict might be returned before the middle of the afternoon.

Men who make up the jury are J. W. Hood, M. Parker, J. D. Faust, B. H. Moore, Walter Miller, F. E. O'Neal, George Pate, D. C. Cole, A. L. Page, Tal Rigby, John Thompson, and W. R. Neal.

Mrs. Davis, has sat through the entire progress of the case in an invalid's chair, answering the questions propounded her in a voice made husky, she said, as a result of the accident.

District Judge J. W. Bolen was called to Wewoka this afternoon on legal business, Judge Couch officiated as acting district judge this afternoon during his absence.

EDWARDS WIDOW FREED TODAY ON MURDER CHARGE

OKLAHOMA CITY, Nov. 19.—Annabelle Edwards, 23 years old widow, was acquitted today of the murder of her husband, "Billie" Edwards. After being out since 3:30 yesterday afternoon the jury announced its verdict of not guilty at 11 o'clock this morning.

Announcement of the verdict ended eight days of sensational trial, the outstanding feature of which were the accusations from the witness stand that city and county officials had accepted bribes to protect the slain man in alleged extensive gambling operations. These allegations, however, were not substantiated and were denied in formal statements by the officials involved.

MORE RAINFALL NEEDED COUNTY FARMERS SAY

First freezing temperature of the season was indicated in Ada last night when the forecasted cold wave, following a rain of Friday, arrived here. A heavy frost, the second of the fall, also is reported. The cold wave was not as strong here as many expected but indications today were that it would be of about two or three days' duration.

Yesterday's cold rain was the first of any amount in several weeks, although slight showers came several days ago. Local men interested in farm crops say it will be of only temporary relief, and that many inches of rainfall will be needed for another crop.

GIANT VIRGINIA LAUNCHED ONLY FOR JUNK HEAP

Pride Child of Great Navy
Christened Today May
Not Put To Sea.

VICTIM OF SCRAPPING

Disarmament Parley Seals
Doom of Great American
Fighting Craft.

(By the Associated Press)

NEWPORT NEWS, Va., Nov. 19.—The superdreadnaught West Virginia, newest addition to the American navy and scheduled to grace the scrap pile in a few months under the reduction proposal, was successfully launched at the plant of the Newport News Shipbuilding & Dry Docks company, Miss Alice Mann, of Brownwell, West Virginia, christened the ship.

(By the Associated Press)

NEWPORT NEWS, Va., Nov. 19.—The battleship West Virginia, representing the highest development of American naval construction, was ready for launching today from the yards of the Newport News Shipbuilding and Dry Docks company.

The launching was arranged for 11:30 o'clock with ceremonies of a simple nature.

Launched to Perish.
WASHINGTON, Nov. 19.—Launched as one of the proudest and greatest battleships ever designed by the American navy, only to be scrapped within a few months, appeared to be the fate of the superdreadnaught West Virginia, today when she slipped from the quays of the Newport News Shipbuilding and Dry Docks company.

The American naval reduction plan, as presented to the arms conference provides for scrapping of the West Virginia. If the American plan is agreed to, the dreadnaughts today about 65 percent completed, will never be finished or play the sea, bearing the Stars and Stripes.

Similar to Maryland.

The West Virginia is one of the same class and power as the Maryland, soon to be commissioned. Somewhere among the stores of the government are eighty 16-inch rifles made especially to fit the ship's gun pits. She would be able when completed to steam at almost 23 knots speed; she is built so as to be almost invulnerable to torpedo attacks; she carries a hull of the hardest armor ever rolled, so thick a man might walk along the upper edge where it protrudes beyond the skin of the ship well above the water line. No device that American genius of war experience has been able to produce, has been omitted from the ship's equipment.

The spectacle of this giant fighting machine, the product of years of effort of mind and body by thousands of men—being launched only to be destroyed, is pathetic to naval officers. They have a love for and a pride in such a great ship that endows the mass of steel and machinery with almost human quality. They have watched the West Virginia grow day by day on the quays at Newport News; they have seen her put together plate by plate, and heard the riveting machine that hammered the steel together.

She has grown to be to them a friend and a comrade and her destruction with never a chance to know the open road, of the deep sea and foreign ports as she might have gone, will be for them a sad sight.

The keel of the West Virginia was laid in April 1920, a year and seven months ago.

CONFEREES FIND EVEN GROUND ON REVISING TAXES

WASHINGTON, Nov. 19.—Completing their revision of the tax bill, the house and senate conferees agreed today to a corporation income tax rate of 12 1-2 percent, the figures fixed in the original house measure. This is an increase of 2 1-2 percent over the present rate, but is 2 1-2 percent less than the figure agreed upon by the senate.

The conferees also agreed to the senate amendment repealing the \$2,000 normal exemption allowed corporations, except expense in the case of corporations having a net income of \$25,000 or less a year.

Treasury experts would not estimate the total revenue which would be returned by the bill in its present form, but some of the conferees were of the opinion that it would be from \$80,000,000 to \$100,000,000 less than the treasury departments had said would be necessary for this fiscal year.

Harry Hutchinson has been called to Nashville, Ark., where his father is reported to be seriously ill.

In times of peace, be peaceful.

BIBLE THOUGHT FOR TODAY

REFUGE, STRENGTH, HELP:—God is our refuge and strength, a very present help in trouble.—Psa. 121:2.

WHAT GRANDMA RAISED.

Declaring that "Grandma had no right to criticize the modern college girl," Professor Burgess Johnson of Vassar adds this accusation: "She has probably a few Cain-raising times tucked away in her own memory." Very true, Cain-raising has been the fate of grandmas back to the first and greatest of them; but one and all they have a rejoinder. It is not on the score of athletic bare knees—which Professor Johnson proclaims as less "immodest" than Victorian hoopskirts. Little they knew of sprinting, basketball, hockey. They look down upon the modern college girl because, in their time, women raised not only their first born, but Abel and enough others to make a presentable family. The modern college woman only raises Cain.

It is a mere matter of statistics. Over a decade ago it appeared from class reports that Vassar graduates had on the average only one child. Graduates of a certain men's college which includes a large proportion of those who inherit wealth averaged one child and a fourth. Statistics reported last August from Harvard, Yale, Smith and Barnard give equally melancholy results. Dr. C. B. Davenport has shown that if the Harvard of the future were limited to sons of its own graduates it would shrink in half a dozen generations to a total enrollment of 250 and eventually have to close its doors. Quite recently Princeton reported on the situation from the opposite point of view. Of its freshman class less than one-half come from families in which either parent is college educated. The figures were explained as showing that the field of liberal education is widening—which is no doubt the fact. It is also evident that the stock of the liberally educated is decreasing by about one-half with each generation—that family traditions of education and culture are dying out as rapidly as they are being formed.

Professor Johnson praises the college girl of today as "a marrying girl"; as possessing "poise, culture and practical knowledge"; as an excellent wife, being qualified "to make a living for herself." All of that she doubtless is; but he does not attempt to dispose of those very disquieting statistics. They are not, of course, primarily a reproach to our young women. In all of our grandmas' days raiment was cheaper, as were also food and shelter. The wages of brain labor was relatively far higher. That the college girl (and the college man) only raise Cain is fundamentally an economic and social phenomenon. But all the more it is disquieting to find that the under-graduates and their professors are discussing the question as one between athletic knees and hoopskirts.—New York Times.

A BIG JOB.

Last September several citizens of Brooklyn, New York, set out in high spirits for Idaho, with the intention of building homes in a new land and living in happiness the rest of their lives. Recent reports state that the settlers are dissatisfied and may gradually wander back to towns and cities. No doubt the life was too hard and accustomed to electric lights, city water, gas, and other conveniences, the settler can not endure the hard semi-outdoor life.

The more experience one has the more respect he has for those who go into a new country and build it. There are those here in Ada who came here in an early day and made possible the building of a city. They are proud of their records and most of us do not appreciate as we should with what they had to contend.

If a person will go through West Texas and talk to those who first went to what was considered a barren country and turned it into a wonderful producer of wealth, he can realize that a new country demands hard knocks and rugged constitutions.

At this time many who believe they are pioneers are looking to South America and are planning to go to that continent and start again to hew a home out of the wilderness. We suggest that they go slow. Once a person accustomed to a settled community pioneering is difficult. The real pioneer is different from the common run of men, and it takes a real pioneer to endure the hardships of a new country.

Of course it is rather disagreeable to the law abiding citizens to have so much publicity given the conditions in Carter county where it is reported that an unusual amount of lawlessness has existed for some little time. However, that is the shortest route to relief. Lawbreakers cannot stand the light of publicity and seeing the great majority of the population publicly arrayed against them worst offenders can be landed behind prison bars for good long sentences. It never helps to try to hide a sore. The infected spot is still there and must have the proper attention if it heals properly. The crusade undertaken by the citizens of Carter county will doubtless do much to bring about better conditions.

"Bluebeard" Landru.
(Wichita Daily Times.)
Henri Desire Landru, who had 823 sweethearts and is accused of murdering at least 10 of them, is now on trial for his life.

The trial takes place in France—at Versailles, where the peace conference was held. For every one that would willingly have sat through the peace conference, at least 100,000 would fight to get into the Landru trial.

Do not blame them. World wars come often. Landru's "Bluebeard" Landru. He has the blue beard, all right—blue-black, Svengali beard, bulging and flowing like a split in a hair mattress. Also, he has the black Svengali eyes. Women say he hypnotized them.

But if the charges against Landru are proved, Baron de Retz, the original "Bluebeard," will vanish from fable. For he had only seven wives. Tame, compared with Landru's 283 loves.

Most interesting study, and most important, is that of human nature. Study Landru. You would have to live several thousand years to find another like him.

His brain is a marvel. A skilled architect and motor engineer, he invented a motorcycle and auto.

In April, 1919, Landru was arrested on his 50th birthday, making love to a doll-faced girl in a Parisian flat. Charges are that he murdered, dissected and burned at least 10 women and a boy. Aliens pronounce him sane.

Eighteen months of the most terrific "child degree" failed to break down Landru's taunting self-confidence. The examining magistrate broke down, but not Landru.

He is an expert at law. That will make the trial interesting, a battle of wits. Time and again, Landru by his technical knowledge of law compelled postponement of his trial. Confronted with 50,000 pages of evidence, he got four months' additional delay by demanding: "Since it took the judges four months to read this evidence, I should get the same."

Landru whistles blithely in his cell, telling his fortune with cards, writing poetry and chuckling over bushels of letters sent him by erotic women. He leaves the worrying to his wife, son and two daughters.

If convicted, the Landru will stand out as one of the most remarkable criminals in history, one of those peculiar deviations from the normal that appear only once in many centuries.

He boasts that he will be remembered long after all others now living are forgotten. That is not impossible. In the Landru trial, we may be watching the creation of one of those legendary characters that are perpetuated long after serious history vanishes in the dust.

SLOAN'S EASES PAIN RELIEVES THE ACHE

TORMENTING, agonizing rheumatic aches are quickly relieved by Sloan's Liniment. Apply it freely and enjoy a comforting sense of warmth. It penetrates without rubbing. Good also for sciatica, lumbago, neuralgia, over-exerted muscles, stiff joints, external aches and pains, back-aches, strains and sprains. Don't let pain lay you up. Keep Sloan's Liniment handy and at the first sign of an ache or pain, use it, for it certainly does produce results. At all druggists—35c, 70c, \$1.40.

Sloan's Liniment (Pain's enemy)

ious history vanishes in the dust.

Looking Up.

(McAlester News-Capital)
The day the Pilgrim fathers set aside for annual Thanksgiving approaches, finding us average folk thankful enough that we have survived a year that has wrecked lives, disrupted nations and brought financial woe to thousands.

Nineteen Twenty-one isn't going to be recorded in history as any year of great bounty or unprecendented happiness. It is going to be recorded, merely, as the time when the world settled back from a mad dance, exhausted and almost lifeless.

Those who have held on to what they had, are fortunate. Those who have emerged with whole skins and a clear conscience are favored ones. And we do not speak in an unseemingly pessimistic vein. It's been a poor year, taking it all in all, and the greatest comfort to be derived is in the thought that there are unmistakable signs that the worst is over. Normalcy dealt a knockout and the world is just beginning to recover from it.

Some writer recently declared that the greatest fortune are made on the heels of a depression. That suggestion may be worth while to those who are wondering what course to take now.

Business is beginning to expand a little. It's an indication that the up-grade has been struck, for capital is a timid animal and only emerges from hiding when conditions are about right.

"Marked back" cards offered for sale in City Hall Park, New York, recently, almost caused a riot among the would-be purchasers.

Oklahoma Given 538 Motor Vehicles for Use in Road Work

More than 27,000 motor vehicles have been distributed by the bureau of public roads of the United States department of Agriculture among the various states for road building purposes. Up to October 31 a total of 27,198 had been so distributed, including 1,800 retained by the department of agriculture for use on roads in the national forests and in connection with the administration of the federal aid act. These comprise virtually all the surplus motor vehicles turned over to the department of agriculture by the war department to be distributed under the Wadsworth-Kahn act among the states for road building purposes. These vehicles, consisting mostly of motor trucks, are a part of the war materials originally intended for use in France.

Oklahoma gets 479 trucks and 59 autos, or a total of 538 vehicles.

SENIORS ARE SUCCESSFUL IN COLLEGE CARNIVAL

The senior carnival at the college gym last night has been reported a success by those attending. Only local school talent was used for the event, and those in charge are given credit for the selection of the available material to the best advantage.

Dancers, comedians, musicians and other performers were at their best and an evening of good entertainment was furnished for a big crowd of spectators. This was the class' first attempt at a carnival this year.

MOURNS DEATH OF JUDGE ANDREWS

Resolutions Express Deep Respect in Which Ada Man Was Held.

Resolutions deploring the recent death at Pauls Valley of Judge L. C. Andrews, former Ada attorney, and the loss therein of "one of the most prominent lawyers of the state," were unanimously adopted this afternoon by the Pontotoc County Bar Association.

District court recessed for a brief time to hear the resolutions honoring Judge Andrews. The resolutions committee, composed of L. M. King, U. G. Winn and J. F. McKeel, all former legal associates of Mr. Andrews, reported at 2 p. m. and their statement was enthusiastically accepted.

Members of the committees said they had known the deceased for 25 years, since his coming to Ada was a "struggling young lawyer, at the time he had finished his law course and had removed from his boyhood home in Arkansas to Pauls Valley, then a typical western village."

"We recognize Mr. Andrews as one of the most prominent lawyers in this state. His clients have always received at his hands the most faithful and capable service. He has always been constant and devoted in his friendships; always honest and honorable in his dealings with his fellowman," the resolutions said. The committee report will be spread on the crowds of the district court and a copy sent to the family.

CLARA COMING HERE MONDAY IN "CHARGE IT"

We've started a city wide discussion of the question, "Does Money Bring Happiness?" A great many have said "Yes" while the majority say "No." Some believe that riches bring many troubles and that real happiness exists in a greater degree in the middle class homes than in the wealthy homes.

It is a puzzling question, yet it is satisfactorily explained in "Charge It," Clara Kimball Young's latest and finest photodrama, which will be shown at the McSwain Theater Monday Nov. 21.

Some folks say that happiness is a state of mind. We are inclined to agree with these folks. Others say that riches bring the realization of one's dreams for travel and entertainment.

Every human being at some time or other in his life has longed for wealth. Some have attained it. Others haven't. Can you say from your experiences or observations that those who have gotten rich, have likewise attained real happiness with their wealth?

The question is splendidly answered in this picture "Charge It," in which Miss Young plays four different characters. It is a great picture, brings rare entertainment and answers this old age problem.

We hope you will take advantage of the opportunity of seeing Miss Young in "Charge It," at the McSwain Theater Monday.

NORMAL NOTES

Meta Blackwell, who has been absent from school for several days on account of the illness and death of her grandmother, returned and took up her regular work Friday.

Miss Maude Richman, state director of vocational home economics and Mrs. Fisher of the department of Washington visited the College last Thursday morning.

Mrs. Ella Waddell, a student of the College, will leave in a few weeks to join her husband who is in Texas. They will make their home on a ranch.

The Thanksgiving vacation begins next Wednesday afternoon. School work will be resumed Monday, November 28. The Christmas vacation will begin December 23 and will continue until Monday, January 2.

Prof. E. C. Wilson went to Francis Friday afternoon to referee a basketball game between the Francis and Tupelo high school teams. W. K. Newcomb of the class of 1921 is coach of the Francis team.

A banquet was scheduled to be given by the local convalescence of the Red, Red, Rose Saturday evening in the mess hall of the College, complimentary to wives and sweethearts of the members.

In The Oil Fields

Maud Well.

Work at the Maud Oil and Gas company's Well No. 2 is reported as progressing in good shape.

It is reported that drilling has progressed to a depth of about fifteen feet since encountering the oil, at a depth of about 3,732 feet. Tuesday morning the oil was reported to be standing 250 feet deep in the hole.

The hole is standing up in good shape, at the time of going to press and no water has appeared.

BANK NOTES ARE FOUND IN CORN FIELD TODAY

HALESBURG, ILL., Nov. 19.—Mortgages and notes to the amount of \$180,000 stolen from the Victoria Exchange National Bank here, about a month ago, when the bank was blown nearly to pieces by five yeg-men, were found in good condition in a corn field on the James Chapman farm near Victoria by a corn husker.

Ryder's Alley and Jacob Street are two of the oldest New York streets that few New Yorkers can direct a stranger to.

ENDEAVORERS THANK CITY FOR ASSISTING

The committee on resolutions for Coal District of the Christian Endeavor society convention held here on November 11-13 inclusive, have submitted their resolution and thanks to those assisting in making the convention a success. The report follows:

To the Coal District Convention of the Oklahoma Christian Union Assembled

We, the members of your committee on resolutions, beg to recommend the following:

Whereas Almighty God through His infinite wisdom and loving kindness has so graciously permitted this occasion, we desire to render our sincere thanks:

To the Chamber of Commerce of Ada who made possible the extensive advertising for this convention;

To the members of the Christian Endeavor Union;

To the management of the Home Dining room;

To the citizens in general for the time, money and energy spent unselfishly toward making this convention a successful one;

To our field secretary and wife, Mr. and Mrs. Singer, and the many speakers who have appeared on the program, we feel deeply indebted to them for the source of great inspiration and thank them most heartily for their personal assistance in the giving of their time and interest in many ways.

That this convention go on record as accepting and adopting the four square campaign.

That a form of genuine regret be expressed for the absence of Mr. Schoonover and Mr. Evans of Durant on account of illness which made it impossible for them to attend the convention.

That a copy of these resolutions be submitted to the newspapers of Ada for publication and to the Chamber of Commerce.

(Signed) A. T. DICKERSON, Chairman. ETHEL HAVEN. FRED T. HOLLAND.

The Ada Christian Endeavor Union desires to express their gratitude to the Ada Evening News for the space contributed to help make the convention a success.

INSPECTOR WELL IMPRESSED WITH COUNTY SCHOOLS

C. M. Howell, high school inspector, spent this week with Supt. Floyd making a round of the high schools of Pontotoc county. He expressed himself as well pleased with conditions everywhere and stated that he found an unusually large proportion of pupils doing high school work. He expressed himself as being well satisfied with the work done. Another improvement over former years is that the teachers themselves are better qualified.

Following are the high schools visited together with the approximate number of high school pupils as reported by Supt. Floyd: Vanoss 20, Fitzhugh 30, Roff 90, Latta 15, Francis 55, Lula 20, Stonewall 55, Allen 83, Frisco 10, Union Valley 15, Oakman 12.

Mr. Floyd said the addition to the brick school building at Pleasant Hill has been completed and is now in use. The teacherage at this school has also been completed. Altogether four teacherages have been built in the county this fall making a total of 19.

Phone Rates Reduced By Voluntary Action Of Stonewall Chief

STONEWALL, Nov. 19.—(Special)—a reduction in telephone rates for this city has been announced by W. H. Letter, local manager of the Stonewall Telephone company. Permission to make the reduction was secured from the state corporation commission this week.

The reduction, it is said, came after consultations between the manager and subscribers. Mr. Letter is quoted as having declared the willingness of the telephone company to bear the burden of the community from a financial standpoint, due to the hardships caused by the ravages of the boll weevil.

This reduction came as a surprise to the corporation commission and others interested.

ENGLISH PARTY BREAKS BACKS UP U. S. SCHEME

LONDON, Nov. 19.—A manifesto issued today by the labor party on behalf of the whole labor movement of Great Britain promises support of any step that may be necessary to make the American proposal for naval armament restrictions effective and called for the extension of the proposal to all forms of armament.

For a small amount you can advertise your stuff in the Ada Evening News and sell direct to the consumer. Why not get the middle man's profit?

SHAWNEE HOPES SUNK ON GRIDIRON HERE

(Continued from Page 1) by Ada and two by Shawnee also lent excitement and disappointment to the game. Shawnee's fumbles were more disastrous, however.

Meek, star halfback of the visitors tried three times for a field goal, failing each time. Once in the second, once in the third, and once to kick out of danger in the second and third quarters. Three fumbles in the fourth periods his efforts proved fruitless. Rayburn, Burk, King and Krieger played Ada's game on the line. Willoughby and Taylor came in for a share of honors. The Ada line redeemed itself for its sickening slump at Okmulgee. It blasted Shawnee's fondest dream of gain by line smashes. Krieger, playing with a broken finger, was at his best. Burk was playing his last game of football for Ada High school, after three years of service for the school.

Cunning capped his high school playing with a brilliant record. Many comments have been made of his great generalship in this and other games. It was through his clever headwork that the team presented so formidable an array to all opponents this season, and his expert pence in the game was an asset that will be missed by the school next year. Cunning also played his last game for the school but his deeds on the gridiron will be remembered.

One Fumble Made. Potts, though not making any spectacular plays in this game was his usual self and hit the line for the old time gains. He fumbled in the third quarter, but it was not a serious one. Carr was not up to normal, however, suffering severely from an injured leg. He fought three periods.

Midget McCoy, also playing his last game for the school, was another hero. He was the smallest and largest man in the game. Those who saw the game believe his playing has won him a niche in the local gridiron history.

It has been a custom heretofore for the officials of the Ada school to give sweaters to the players when they complete a victorious season, or fight hard and faithfully during the football year. Whether the boys this year will be given sweaters is not known.

Graff, Shawnee center, played the star game for that team. He was good at judging Ada plays, breaking up passes and otherwise proving himself the spirit of the invading team. This is his first year of football. Meek was also in the game for a share of the Shawnee honors. Dunlap, quarterback, completed several passes.

The lineup: Shawnee—Pos. Ada—Campbell (c) —LE—Rayburn C. Palmer —LT—Kreiger Q. Palmer —LG—Burk Graff —C—Molloy Starnard —RG—Willoughby Meeks —RT—King Stone —RE—Taylor Dunlap —QB—McCoy Meek —RH—Potts Vinson —FB—Cunning Miles —LB—Carr Substitutions: Ada—Hargis for Molloy, Nettles for Carr.

Summary—Held for downs, Ada 13; Shawnee 12. Fumbles, Shawnee 2; Ada 3. Penalties, Ada twice for a total of 10 yards; Shawnee twice for a total of 10 yards. Attempted field goals, Meek of Shawnee three times, all failing. Passes intercepted, Meek 1. Krieger 1. Touchdowns, Cunningham 2. Completed passes, Shawnee 18. Ada 6. Attempted passes, Shawnee 13; Ada 10.

Officials: Wray, referee; Briggs, umpire; Rutledge, headlinesman.

UNDERTAKING HOUSE TO MAKE BIG IMPROVEMENT The Criswell-Meyers undertaking establishment on East Main street, is making substantial improvement in its undertaking parlors. The new addition, a chapel, will be the most up-to-date in the city, and a credit to any undertaking establishment in this section, according to plans.

The building formerly occupied by the Craighead Needlecraft shop has been obtained by the company and the chapel, together with a rest room, is being installed. The new rooms will be along the most approved style, and a complete sitting room set will be placed at the convenience of patrons. Both rooms will be elaborately furnished, present plans indicate.

WOMEN TO ARGUE ARMS REDUCTION

National Convention Opens
Discussion of National
Issue of Day.

(By the Associated Press)
DES MOINES, Iowa, Nov. 19.—Limitation of armaments will be one of the principal subjects discussed here November 21 and 22 at the second annual convention of the Fifth Region of the National League for Women Voters. Delegates from six middlewestern states, Minnesota, North Dakota, South Dakota, Wyoming, Montana and Iowa, will be here to discuss "woman's place in politics."

Speakers nationally known in suffrage work will be heard to address the convention. Among them will be Mrs. Thomas G. Winter of Minneapolis, president of the General Federation of Women's Clubs, Maud Wood Park of Washington, president of the National League of Women Voters, Belle Sherwin of Cleveland, Mrs. Andreas Ueland of Minneapolis, Miss Mary McDowell of Chicago, and Mrs. Richard Edwards of Peru, Indiana.

"Equality of suffrage is a fact to which every patriotic woman must now adjust her life," states Mrs. Walter S. Brown, Iowa president in her appeal to women of the six states to attend the convention. "The league," she states, "does not seek to form a party, but rather to arouse interest, furnish opportunity for impartation study and stimulate to wise and unselfish action through the various parties."

Need Better Voters.
"What our country needs," she declares, "is a more discerning electorate. The 20 blanks endorsed by the national league of women voters could very easily be incorporated into the platform of any or all political parties without debate, emphasizing as they do, what may be termed the feminine affairs of life."

"The consensus of opinion of the press seems to be that upon the return to Washington, of our senators and congressmen, after the recent recess, they almost unanimously reported that disarmament is the most important issue before the constituents."

"We believe that if the slogan 'Friendship versus Warships' could be stressed by thinking women of the world, it would be effective in the climax so greatly to be desired—peace without the burden of heavy taxation."

"Also another issue, which we consider to be second to nothing else in its immediate importance to our country, is federal revenue. Taxation and tariff might be construed to be feminine, in so far as they relate to or affect the family budget. Therefore, let us make this convention one for better understanding, wise convictions and for the promotion of universal appreciation of our opportunities and responsibilities as women citizens."

It is now a responsibility and a duty for every woman to contribute to the political status of the future."

**Small Reduction in
Wholesale Prices Is
Felt During October**
WASHINGTON, Nov. 19.—A slight reduction in wholesale prices was indicated during October, the department of labor announced today. The decline represented a little more than 1 percent in the "weighted index number," by which the bureau of labor statistics measures the level of prices. For the first time since June, the statement said, farm products showed a net decrease, due to the drop in the price of corn, wheat and other grains. Other commodities which apparently cost less in October than in September included building materials and house furnishings. Clothes and clothing, fuel, lighting and metal showed small increases.

Do you want to sell anything to farmers, rent anything to them, exchange with them? There is a certain way to get your message to them, send it through the Ada Weekly News.

INDIAN MAID NOT ABLE TO LIVE ON \$1200 PER MONTH

MUSKOGEE, Nov. 19.—Poor, rich Indians are becoming the bane of the existence of officials connected with the affairs of the Five Civilized Tribes, who once having had a taste of money in their hands.

Take the case of Jeanette Burgess of Sasakwa, a Creek full-blood for instance, Jeanette is even now said to be en route to Washington to protest to the Great White Father because Indian office officials here will allow her but a measly \$1,200 a month for spending money out of her fortune which is estimated to be worth anywhere from \$300,000 to \$400,000. Jeanette protests that she just simply cannot get by on any such trivial monthly allowance, although it is \$200 a month in excess of that allowed Jackson Barnett, Oklahoma's wealthiest citizen.

\$650 a Month too Small
An Indian called at the Indian offices today to have his wife's allowance raised from \$400 to \$650 monthly because she owed a \$500 garage bill admitting that in addition to his wife's allowance he was making \$10 a day driving a team, but it was impossible to make both ends meet on \$650 a month. It was finally decided to increase the allowance to \$500 monthly with the strict understanding that the government Indian offices would hereafter pay no bills contracted by the woman.

Another sign that it is going to be a hard winter was indicated today when Cat Barnoskie, a full-blood Creek, enrolled as a Cherokee, whose allotment is in the Bartlesville oil field and whose home is near Bragg, made one of his periodical visits to the Indian offices here today for a bit of spending money. Cat is not as rich as he once was but no one can make him believe it. He talks no English and is quite deaf so when he appears at the Indian offices his English vocabulary is confined to just two words:

"Want money!"
He then holds up five fingers and is answered by the official in charge who holds up one finger. Cat counters by holding up ten fingers, whereupon the official has to shake his fist, indicating there is nothing doing and that Cat will have to struggle along on \$1 or nothing. Protests and diplomacy having failed, Cat pockets his lone iron dollar and disappears, until the next pay day.

Attended Carlisle.
Some years ago he was a student at the Carlisle Indian school for a short time where he learned how to take a bath, wear a uniform and ask for money.

Ada Delegates Return From Baptist Meeting At Capital This Week

The Ada delegation to the Baptist State convention which closes at Oklahoma City today began returning last night. Among those attending the convention from Ada were Mesdames M. M. Webster, W. A. Duncan, W. N. Hughes, John McKinney, Jess Hayes, Miss Dorothy Duncan, L. A. Braly and Rev. and Mrs. C. C. Morris. Those who did not return last night will arrive today, following the final session of the convention.

Reports from the convention are that it was a success from every standpoint. One of the chief matters for settlement was financial problems of the church. This was satisfactorily settled, it was reported by Ada delegates. Attendance from various churches over the state was good and a warm spirit prevailed throughout the convention, local delegates declare.

One hotelman, who has a summer resort at Uniontown, Pa., and a winter resort in Florida, has banned dances in his hotels on the grounds that they attract "only vampires and bootleggers."

Plainview Dairy, Phone RM-25.—A. B. Myers, proprietor. 8-5-tf

ILLINI TO CLASH WITH OHIO SQUAD

Close of Season Finds Both
Teams Keyed to Fight-
ing Pitch.

(By the Associated Press)
COLUMBUS, Nov. 19.—With the heavy drill of a strenuous season over, and both teams keyed to fighting pitch, each determined to land the winning column, Illinois and Ohio State clash here Saturday in their eighth annual gridiron battle. So great is the interest in the game and so unprecedented the demand for tickets that an electric scoreboard will be used to give the overflow crowd an opportunity to "witness" the game.

Ohio State looks to a big favorite over Illinois based on the season's performances—but Ohio coaches and players long since have discarded that fallacious argument. They know full well that Zuppke would rather beat the Buckeyes than any other eleven in the Big Ten.

Ohio State scouts who have scrutinized every move of Zuppke's charges, insist Illinois has the makings of a typical Sucker eleven—one that is smartly coached, on its toes every minute of play and likely to be dangerous at any time.

That early season defeats were due to a combination of injuries to essential players and departure from Zuppke's old style of play rather than to inherent weakness is the belief of the Ohio scouts.

Illini Stronger.
Each week they have reported the Illini showing real improvement and have predicted all along that the invaders would be just about ripe to fall in all their wrath on the Ohioans about Nov. 19.

Only the initial contest between the Illinois-Ohio rivals was one-sided, Illinois winning 37 to 0 the second year Ohio tried its hand at big league football. The year following, 1915, Ohio double-crossed the all-wise critics by finishing even with the Illini in 3 to 3 game. Only a belated three points registered by Bart Macomber's toe put the Illini on an even footing with the Ohioans.

In 1916, Ohio Harley annexed the title on Illinois field by putting Ohio State out in front in that now historic 7 to 6 game. A year later Ohio, in winning its second conference championship, spilled Illinois 13 to 0. In 1918, the S. A. T. C. year, the Illini were on the long end of a 13 to 0 count.

With the Big Ten title in their

grasp, Ohio State's gridders were forced to be content with second place when Zuppke's proteges ran up nine points with only seconds to spare before the final whistle winning 9 to 7. Last fall, "Truck" Myers, present Buckeye captain, crushed Illinois' hopes after the last whistle was blown, the play having started a second before the blast.

All Seats Sold.
Featured also as the annual Home-coming game, every ticket for the contest long since has been disposed of. The game also probably will mark the last use of Ohio Field as an athletic arena for major attractions, the new Ohio Stadium with its seating capacity of 63,000 being ready for next fall's big games according to present plans.

The two elevens will be about equal in weight and should enter the game about on a par. There will be no over-confidence in Ohio's camp for Coach Jack Wilce has impressed his men daily that they can afford to take no chances. There's no undue optimism in the student body, either.

With Big Ten honors perhaps as the prize once more one of the hardest fought games of the year is in prospect. Unless unexpected injuries develop the Ohio battle line will be the same as against Chicago.

Easiest way to keep house is buy one.

WEAK; RUN-DOWN

Carolina Lady Got So She Could
Just Drag—"Cardul Built Me
Up," She Declares.

Kernersville, N. C.—In an interesting statement regarding Cardul, the Woman's Tonic, Mrs. Wesley Mabe, of near here, recently said: "I have known Cardul for years, but never knew its worth until a year or so ago. I was in a weakened, run-down condition. I became draggy—didn't eat or sleep to do any good; couldn't do anything without a great effort. I tried different remedies and medicines, yet I continued to drag."

"I decided to give Cardul a trial, and found it was just what I really needed. It made me feel much stronger soon after I began to use it. I began to eat more, and the nervous, weak feeling began to leave. Soon I was sleeping good."

"Cardul built me up as no other tonic ever did."

"I used Cardul with one daughter who was puny, felt bad and tired out all the time. It brought her right out, and soon she was as well as a girl could be. We think there is nothing like Cardul."

Do not allow yourself to become weak and run-down from womanly troubles. Take Cardul. You may find it just what you really need. For more than 40 years it has been used by thousands and thousands, and found just as Mrs. Mabe describes.

GERMAN BUSINESS KING LEAVES TO VISIT ENGLAND

BERLIN, Nov. 19.—Hugo Stinnes, German industrial magnate, left here for London last night at the invitation of Premier Lloyd George, according to an announcement today by the local Anzeiger. Presumably, says the announcement, Herr Stinnes' visit to the English capital is in connection with German reparations.

The News has a stock of paper for wrapping butter. This is the grease-proof kind and comes 250 sheets to the tablet. A tablet weighs about a pound and retails for 50 cents. Let us take care of your needs. 11-10-tf

ITCHING BURNING ECZEMA ON FACE

And Body In Red Spots. Could
Not Sleep. Cuticura Heals.

"Eczema broke out in small, red spots all over my face and body. It formed a crust and itched and burned so badly that I could not sleep at night or rest anywhere. My face was so bad I did not look like myself."

"Nothing seemed to do any good. I saw an advertisement for Cuticura Soap and Ointment and bought some. After using two cakes of Cuticura Soap and one box of Cuticura Ointment I was healed." (Signed) H. L. Lunsford, Farners, Tenn., Feb. 13, 1921.

Cuticura Soap, Ointment and Talcum are all you need for every-day toilet and nursery purposes. Sample Each Free by Mail Address: "Cuticura Laboratories, Dept. H, Malden 48, Mass." Sold everywhere. Soap 5c. Ointment 25c and 50c. Talcum 5c. Cuticura Soap shaves without mug.

A GREAT WAY TO GET IMMENSELY RICH, GRANDMA SCHMITZ, IS TO INVENT SOME LITTLE THING, THAT WILL AMUSE THE MULTITUDE. ONE POINT I HAVE ALREADY REDUCED TO A SCIENTIFIC FACT AND THAT IS IT MUST BE SOMETHING ROUND!

ROUND! WHY?

WELL, SEE FOR YOURSELF. THE FIRST THINGS THAT AMUSE THE BABY IS A ROUND RATTLE OR A ROUND RUBBER BALL. WHEN THE CHILD GROWS UP HE LIKES ROLLER-SKATES, TOY BALLOON, TOP. HE LIKES TO GO ON A MERRY-GO-ROUND OR FERRIS WHEEL AND THE BICYCLE OR TRICYCLE WITH ITS WHEELS GIVES HIM PLEASURE. THERE'S SOMETHING ROUND ABOUT ALL OF THEM. HE LIKES THE CIRCUS WITH ITS THREE RINGS.

WHEN WE GROW UP WHAT AMUSES US — BASE-BALL WITH ITS ROUND BALL AND ROUND BAT. THE AUTO WITH ITS WHIRRING ROUND WHEELS. THE MOVIE WITH ITS ROUND REEL PROJECTED THROUGH A ROUND LENS — WE MEN LIKE TO SIT AROUND ROUND TABLES PLAYING POKER USING ROUND CHIPS.

I DON'T THINK MUCH OF YOUR SCIENTIFIC FACT SON-IN-LAW! HOW ABOUT THE WOMEN BEING IMMENSELY ENTERTAINED SITTING AT SQUARE TABLES PLAYING BRIDGE WITH OBLONG CARDS?

THAT'S ALL-RIGHT! THE ROUND WHEELS ARE THERE TOO ONLY THEY'RE —

— IN THEIR HEADS!

NEITHER MAY GET
PLACE IN SENATE

Newberry and Ford Both
May Be Left Out in Cold
If Resolution Carries.

(By the Associated Press)

WASHINGTON, Nov. 19.—A resolution which if adopted, would send neither Senator Truman H. Newberry, republican, nor Henry Ford, democrat, as the senator from Michigan, was introduced today by Senator Walsh, democrat, Missouri, as the senate went into the fourth day of its consideration of the Michigan senatorial election controversy.

The specific charge against Senator Newberry was that between Dec. 1, 1917, and Nov. 5, 1918, he "unlawfully and feloniously did conspire, combine, confederate and agree with divers persons" to violate the Act of June 25, 1910, by contributing sums aggregating \$100,000 toward the expenses of his nomination and elections. It was not necessary, the government asserted, that Newberry should actually give this amount or that he should have had personal supervision of its expenditure, but it was sufficient if he had guilty knowledge that contributions to an illegal aggregate were being accepted for the purpose in view.

Included in the scores of expenditures set forth in the indictment were "appropriating and converting to the use of the defendants themselves, large sums of money under the guise of payment of their expenses and compensation for their services." * * * bribery of election officers; unlawful assistance of election officers; bribery of voters; expenses and compensation of democratic obstructionist candidates; dinners, banquets and other entertainments.

No less than 153 alleged errors were "assigned" by the defendants in their application for appeal to the highest court. Beginning with the refusal of the district court to sustain a demurrer to the indictment, these errors follow the course of the trial throughout, the last in order being a criticism of the court for refusing the application for a new trial.

Visual Education in
Natural History for
Chicago's Children

(By the Associated Press)

CHICAGO, Ill., Nov. 19.—Visual education by means of small portable wooden cases containing the common mammals, birds, fish, reptiles, insects, plants, minerals and everyday industrial products of the Chicago region form an integral part of the general educational scheme of Chicago's public schools.

These cases are prepared, loaned and delivered by The N. W. Harris Public School Extension of Field Museum of Natural History. Accompanying each case are labels telling in a brief interesting way the most important facts about the specimens shown.

To the several hundred cases available for circulation among the public school there has recently added one in which the metamorphosis, as well as the breeding and disease spreading habits of the house fly are interestingly and forcibly shown.

In this case, which is but seven inches deep, there is a background painted to represent a farm with a dwelling, a part of a barn, a group of cows, a milk can and other objects usually associated with farm yards.

In the foreground there is a faithfully reproduced strip of sod and a small section of manure pile. Swarms of flies are shown upon the manure pile, and under it just entering the ground are a number of the larva. Deep in the ground are the pupa, from which adult flies emerge.

In addition to the foregoing portrayal of a phase of the breeding of the house fly, there are shown in small bottles and the breeding of the house fly, there are shown in small bottles and upon wooden tablets the various stages of its development from the white minute elongate eggs to the adult fly of both sexes.

MINDS MENDED AS
PATIENTS DEVOTE
TIME TO FARMING

SUPPLY, Nov. 18.—One of the most modern farms in the state which has prospered despite the drought, is that of the state hospital here. It has been perfected as the minds of the workers who shaped it were perfected. The state hospital for those of unsound mind performs its cures through the application of nature's laws and the sights of the out-of-doors, and makes it pay financially also, Dr. E. L. Bagby, formerly assistant superintendent of the hospital at Vinland and now superintendent of the Supply hospital, says.

On the approximately 2,000 acres of land which is under cultivation, 500 tons of alfalfa was harvested, 480 hogs are fed and raised, 1,500 chickens run, and grain and livestock fill the granaries and barnyards.

A truck garden supplies the 565

inmates which crowd the institution despite the fact that one floor of a new fireproof building has just been completed and inspected by U. S. Russell, chief clerk of the state board of affairs. He pronounced it in good shape for occupancy.

The state hospital does its own fattening of cattle, there now being 50 head of beef in the fattening pens. It boasts its own slaughter and cold storage houses, and the total cost of the beef, including fattening, slaughtering, and dressing, is about 8 cents a pound, reports to the state board show. Other state institutions, for whom meat is purchased by the board, must pay from 10 to 13 cents a pound at the cheapest wholesale prices, M. Russell, who has charge of the buying, stated.

It was believed probable by mem-

Church and Sunday School

First Baptist Church.

Our Sunday school meets at 9:45. We had 533 last Sunday. Let us not fall under this number tomorrow.

The mens' Bible class meets at the McSwain theater with Dr. Laird as president and Mr. Ellison as teacher. All men are cordially invited to be present. You will greatly enjoy it.

At the eleven o'clock hour we will hear reports from our messengers to the state convention. They have some interesting things to tell and let every member of the church be present.

The Junior B. Y. P. U. will meet at 6:30. Misses Vera Grant and Rose Elliff will be in charge. Last Sunday evening the pastor spoke to them and there were nine professions.

The Intermediates will meet at 6:30 with Mr. and Mrs. Tom Fullerton in charge. They will attend the evening preaching service in a body. Special seats will be reserved for them.

The Blue and Gold B. Y. P. U. will meet at 6:30. Miss Verna Shirley is president.

The Senior B. Y. P. U. will meet at 6:30 with Mr. Bernard Howard presiding.

The pastor will preach an evangelistic sermon at the evening service. We will make an appeal as usual for unsaved people to trust Christ the Savior.

At the close of the evening service we will administer the ordinance of baptism.

You are cordially invited to attend all our services. We will do our best to make you welcome and to help you.

CLYDE CALHOUN MORRIS,
Pastor.

Methodist Church

An announcement was made last Sunday to the effect that Rev. Moreland, the new presiding elder, would preach at the First Methodist Sunday. Rev. Moreland will not be able to preach at the morning hour, and his place will be filled by Rev. Mr. Driskel of Ada. Rev. Moreland will be here for the evening hour, however.

Special music for the Sunday morning service will be given. The anthem, "Seek Ye the Lord," by Shelly, and a duet "The Better Land," by Roberts will be given by Mr. and Mrs. C. C. Ballard. One of the special numbers for the evening service will be a cornet solo by Jack Moore, Jr.

BE AT THE C. OF C. ROOMS

AT 9:30 SUNDAY MORNING
The Loyal Men's Class of the First Christian church is expecting you.

Loyal Daughters Class

The Loyal Daughters Class of the First Christian church, taught by Mrs. A. Linscheid, will meet Sunday morning in the chapel of Mr. C. A. Cummins on West Twelfth street. This is the new meeting place for the class.

CHRISTIAN SCIENCE services at 111 North Broadway at 11 a. m. Subject, "Soul and Body." Golden Text: 1 Thessalonians 5:23. The very God of peace and sanctify you wholly; and I pray God your whole spirit and soul and body be preserved blameless unto the coming of our Lord Jesus Christ.

Sunday School at 10 a. m. All are cordially invited to attend these services.

Presbyterian Church

The Presbyterian congregation is worshipping in the City Hall at the corner of Twelfth and Broadway streets. The pastor will preach Sunday at 11:00 a. m. and 7:30 p. m.

Sunday school meets at 10:45 a. m. Miles C. Grigsby, superintendent. Mrs. H. P. Reich is the superintendent of the primary Sunday school.

Intermediate C. E. meets at 9:00 a. m.

The Light Bearers meet at 2:00 p. m.

Senior C. E. meets at 6:30 p. m. The Senior Woman's Auxiliary will have a parcel post and cake sale at Hensler & Smith's drug store Tuesday afternoon from 2 to 5 o'clock. There will be no meeting Monday afternoon.

There will be no prayer meeting Wednesday evening.

There will be special music Sunday morning. Mrs. N. P. Patterson will sing: "Thou wilt keep him in perfect peace," by Alex. Speaks.

The pastor's subject Sunday morning will be: "How Christ makes himself real to us."

A very cordial welcome is extended to everyone to worship with us.

"The East Central Glee Club will furnish special music for us at the service Sunday night. It will sing both before and after the sermon.

Presbyterian Senior C. E.

Topic: The Goodness of God. Song service.

Prayer. Scripture: Ps. 34:1-10.

What evidence of God's goodness might the heathen note?—Jeanette Bobbitt.

What marks of God's goodness are shown at all times?—Robert Dickerson.

What is the greatest proof of God's goodness, and why?—Eddie Mae Horn.

Reading—Katherine Wilenzick.

What should be the effects of experiencing God's goodness?—Don Evans.

Reports of conference. Song. Business. Mizpah.

Oak Ave. Baptist Senior B. Y. P. U. Subject: How does Christ save us?

Leader: Introduction—Irving Bonner.

1. The Son of God and the son of man.—Anna Lee Kerley.

2. By keeping the law for man.—Mr. Harrison.

Jesus overcomes the principle of sin.—Mrs. Hynds.

Christ atones for our sins.—Bessie Holloway.

Because he is our intercessor.—Mrs. Warr.

Conclusion—Mamie Bown.

Young People's Meeting at Church of Christ.

Leader—Leamon Wallace.

Visitors welcome at any and all services and we will endeavor to explain the church service so you can follow.

RICHARD ALLEN HATCH,
Rector.

Church of Christ.

Rev. Pleasant J. Taylor, of Pomona, Calif., will preach at both the morning and evening services. His subject will be "God's Three Gardens."

Rev. Taylor is said to be a preacher of great force and learning. At one time he was a Texas ranger and has been a big factor in the upbuilding of the Southwest.

He not only takes an interest in religious affairs, but is active in politics. He was one of the Cox workers on the Pacific coast last fall.

He is a friend of Col. John G. James of Roff and has a sister Mrs. Deavers, who lives near Maxwell.

Christian C. E.

Topic: The Goodness of God.

Son service led by Arthur Harrison.

Prayer: Bro. Woods.

Scripture reading: Psalms 34:1-10.—Clarine Roach.

Leader's talk: Oscar Parker.

In what way does God reward those who earnestly seek to serve Him.—Golden Williams.

Discuss the blessing of the ability to earn a living.—Nellie Moore.

What is your idea of personal evangelism?—Marry Waggoner.

Solo: Donna Belle Lee.

Is it necessary to praise God for his goodness; why or why not?—Elizabeth Myers.

In what way is giving responsibility an expression of God's goodness.—Mrs. H. M. Woods.

Vocal solo: Arthur Harrison.

Is it possible to thank God for his goodness in times of distress?—Bro. Woods.

Suggest some of the ways in which man can show his gratitude to God.—Mary Esther Chishalm.

Reading: Francis Walters.

Relate some experience you have had for which you are very thankful.—Magdalyn Yeargain.

Does prayer pay—why?—Lois Emerick.

Song. Business.

Benediction.

The Y. P. C. E. extends a cordial invitation to all young people to attend their meeting.

Irving and Hays To Settle Grid Title in Game Wednesday

The Irving school and the Hays school will play off the championship tie for the city ward schools in a spectacular game on the Normal gridiron next Wednesday afternoon, according to information given out this morning by Prof. Kimbrough of the Irving squad.

The Irving school has not lost a game this season, either in or out of town. The Hays school tied Irving about four weeks ago, the score being 6 to 6.

The game Wednesday is expected to settle the superiority that both squads have laid claims to.

Hays has a heavier bunch, Kimbrough says, but he expects his fleet footed lads to take good care of themselves.

Do you want to buy meat or eggs or butter direct from the farm? Find a farmer to supply you by advertising in the Ada Weekly News. They all read it.

WILSON FOUNDATION CONCEIVED BY WOMEN

MRS. CHARLES L. TIFFANY

The idea of perpetuating former President Wilson's ideals of democracy and human freedom which has developed into the Woodrow Wilson Foundation, originated among a group of women who met last Christmas at the home of Mrs. Charles L. Tiffany, of New York, prominent in civic and philanthropic movements.

Since that first meeting the movement has grown steadily, national headquarters have been established at 150 Nassau street, New York, and a national organization is now preparing to raise by popular subscription a permanent endowment of one million dollars or more, the income to be used to grant awards for "meritorious service to democracy, public welfare, liberal thought or peace through justice." The awards will be comparable in significance to the Nobel Prizes, though they will not necessarily be granted in recognition of similar public services.

Franklin D. Roosevelt, assistant secretary of the Navy in President Wilson's cabinet, is national chairman of the undertaking. Many other public men are actively identified with it, but from the outset women have been particularly interested in the progress of the Foundation and are helping regardless of their political affiliations. Miss Virginia Potter, national chairman of the women's committee, has announced that women who rank with men in any field included in the awards will be assured of equal opportunity for recognition. The executive committee has designated January 16, 1922, as the time at which public subscriptions will be sought for the permanent endowment.

Visiting Devine Was Former Texas Ranger In Pioneer History

Rev. and Mrs. Pleasant J. Taylor has arrived from California and will spend the winter here. Mr. Taylor is a brother of Mrs. Deavers of Maxwell but they had not met in 28 years prior to his arrival. Mr. Taylor in an old Texas ranger, and a fellow student in the Texas Military school with Judge C. O. Barton under Col. John G. James of Roff.

He was a member of the Texas ranger force in the '70's, later entering the ministry in the Church of Christ. He lived in Idaho a number of years, moving from there to California about a year ago.

HIGH SCHOOL BOY SCOUT BAND TO GIVE CONCERT

The Ada High school Boy Scout band, accompanied by Scout Executive Harry W. Miller, who has just returned from a convention of scout executives of the southwest, held in Fort Worth, Texas, and other local citizens, will go to Stonewall Sunday afternoon at 3 o'clock in the auditorium of the new high school.

J. E. Hickman, city superintendent of schools, and Judge Orel Busby, president of the local scout council, will accompany the band and make speeches on the various phases of scout work. The band gave a concert at Stonewall about a year ago.

HOT CHOCOLATE GIVEN KIDDIES AT SCHOOL

(By the Associated Press.)

STILLWATER, Nov. 19.—Hot chocolate is being served daily at the lunch hour of the Oakland school in Washington county, Iva M. Burch, home demonstration agent, says. A school-girl committee looks after the cooking and washing of utensils and children bring clean cups and spoons from home.

Liquor Charge Filed.

Oscar Roberts was arrested yesterday by members of the sheriff's force and faced charges in county court today of unlawful possession of intoxicating liquor. The hearing will come up at the next criminal session of the court.

\$100,000 IN JEWELRY IS STOLEN IN SAINT PAUL

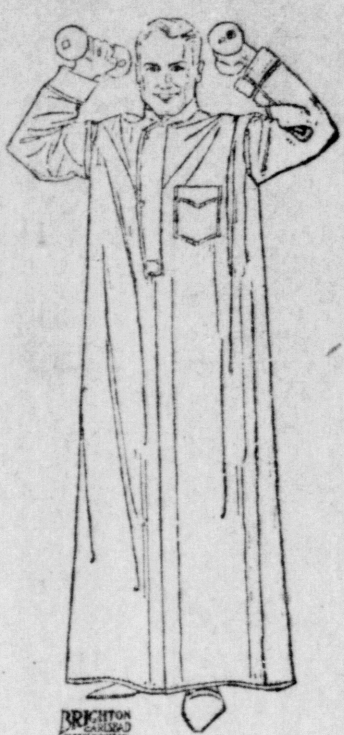

ST. PAUL, Minn., Nov. 19.—Three robbers who entered the Gilterson jewelry store some time last night, overpowered Henry Weisman, manager, upon his arrival today, forced him to open the safe door, shut off the burglar alarm and escaped with jewels valued at \$100,000 according to police.

Why not sell those extra hens about the place? A News want ad will sell them to advantage.

Let a News Want Ad get it.

When You're Asleep And the Cold Wind Howls All Around

—It's enough to make your ears tingle, and even though you're snuggled under wooly blankets there's nothing like Flannelette Nightwear to keep you warm from the very tips of your toes to those shoulders which refuse to stay covered.
